PROCESS CONTROL EQUIPMENT

AGAR CORPORATION

Oil/Water interface detectors; Oil skimmers, oil/water separation systems for desalters.

BADGER METERS

Research Control; high precision, low flow control valves and fractional magnetic flow meters

BROOKS INSTRUMENT

Low flow thermal mass flow meters and controllers; low flow coriolis meters; variable area flow meters; **Bios Drycal** NIST traceable gas flow calibrators

CANTY PROCESS TECHNOLOGY

Sight glass, lighting and camera systems for tanks and vessels; vision based process analysis

DET-TRONICS

Flame and gas detection monitors; complete systems for controlling and preventing unwanted combustion.

HEX VALVES

Valve manifolds; instrument valves; hand and gauge block valves

INDU-TECH

Level transmitter isolation valves; valves with purge ports for both process and instrument

MAGNETROL

Level and flow measurement for biotech, food & beverage and municipal markets

McCROMETER

Liquid and gas flow measurement; V-Cone, magnetic and propeller flow meters.

MILTON ROY COMPANY

LMI, Williams and **Flow Control** chemical feed pumps, systems, accessories and streaming current detectors

OPTECH

Laser-based distance, level and object positioning instrumentation

ROSEMOUNT ANALYTICAL

Uniloc pH, conductivity, D.O., chlorine and turbidity analyzers; process gas analysers, combustion controls; **Hagan** damper drives

THERMO SCIENTIFIC

Kay-Ray, Texas Nuclear and **Sensall** level, density and consistency gauges; **Polysonics** and **Brandt** flow monitors; **Westronics** data acquisition; **MPulse** custody transfer flow meters; **AutoExec** flow computers.

VAREC

Float & tape, servo, radar and magnetostrictive tank gauges. Inventory management & custody transfer approved systems for oil and gas applications

ZWICK

Triple offset, metal seat, zero leak rotary valves sizes 3"-56", Classes 150-900

FIELD SERVICE

Installation, repair & calibration

"Instrumental to your Success"

PRODUCTS and OFFERINGS

ALARM SYSTEMS - Precision Digital, Det-Tronics
ANALYZERS - Rosemount Analytical, Det-Tronics, Cosa Instrument
ANNUNCIATORS - Precision Digital
CALIBRATION - Bios Drycal, Fine Line Instrument
CAMERAS - Canty Process Technology
DATA ACQUISITION - Thermo Science
DENSITY - Brooks Instrument, Thermo Scientific, Varec
DISSOLVED OXYGEN - Rosemount Analytical
ENVIRONMENTAL - Rosemount Analytical
FLAME DETECTION - Det-Tronics
FLOW - Badger Meter, Brooks Instrument, Emercson Process, Milton Roy, Thermo Scientific, Cosa Instrument
HUMIDITY - Cosa Instrument
INDICATORS - Emerson Process, Precision Digital
INTERFACE DETECTION - Agar Corp, Varec, Thermo Scientific, Canty
LEVEL - Canty Process Technology, Magnetrol. Optech, Thermo Scientific, Varec
LIGHTING - Canty
MANIFOLDS - Hex Valves
MOISTURE - Cosa Instrument, Callidan Instruments
OPTICAL INSTRUMENTS- Canty Process Technology, Optech
PARTICLE INSTRUMENTS- Canty Process Technology
pH INSTRUMENTS- Rosemount Analytical
PUMPS- LMI, Micropump, Milton Roy, Williams
RADIATION INSTRUMENTS- Thermo Scientific
RECORDERS- Rosemount Analytical, Thermo Scientific
SERVICES- Fine Line Instrument in-house and factory service
VALVES- Badger Meter, Hex Valves, Zwick, Indu-Tech
WIRELESS SYSTEMS- Varec, Rosemount Analytical
